

For Immediate Release

DW[®] Launches InterCam[™] Door Station IP Camera

The 2.1MP/1080p MEGApix[®] camera is ideal for applications looking to add video verification and smart access control to their installations.

DWC-INTCAM02 DW MEGApix InterCam IP Camera.

Cerritos, CA (December 12, 2024) – [Digital Watchdog[®] \(DW\)](#), the industry leader in digital recorders, surveillance cameras, system peripherals and related management software, announces the addition of the 2.1MP/1080p InterCam[™] door station IP camera to the MEGApix series. The wall-mounted camera delivers intelligent access control with visual verification to any application.

"The dynamic relationship of MEGApix cameras and the robust, easy-to-use features of cloud-managed DW Spectrum Professional is on full display with the InterCam Intercom Door Station," said Mark Espenschied, Director of Marketing, DW. "Automatic alerts, crystal-clear video, clear two-way audio and easy interaction with subjects makes for a valuable access control solution."

The NDAA-compliant 2.1MP/1080p MEGApix Intercam IP camera is an intercom door station that streamlines door access management by combining video, audio and person detection alerts. The sleek but rugged DWC-INTCAM02 has a wide-angle 2.3mm fixed lens, white light and IR LEDs, and two-way audio communications with a built-in microphone and speaker. The intercom door station is equipped with alarm input and a tamper alarm and can control a door's lock using DW Spectrum®'s HTTP commands. The DWC-INTCAM02 comes with a tilting adapter and sun shield accessories. It is a powerful and easy-to-manage addition to any IoT solution, making it ideal for commercial scenarios, offices, apartments, and villas.

Product features:

- 2.1MP/1080p 1/2.8" image sensor at real-time 30fps.
- 2.3mm fixed lens with wide coverage FoV for full entrance view.
- True Wide Dynamic Range (WDR) for clear images in challenging light.
- Simultaneous streaming and multiple codec options for smart bandwidth management.
- 10' Smart IR™ with intelligent camera sync for clear B/W images without external light.
- 3' white light LED for deterrence and color images in low light.
- Person detection for intelligent alarm and recording management.
- Video tampering detection and alarm with scene change, blur and abnormal color detection.
- Noise suppression and echo cancellation.
- Smart DNR™ 3D digital noise reduction reduces noise and ghosting for motion in low-light environments.
- Privacy zones cover sensitive areas in the camera's field of view.
- Backlight compensation (BLC) adjusts the camera's exposure settings to compensate for strong backlight in a scene.
- Two-way audio with a built-in microphone and speaker for direct communication between the monitoring station and the camera's location.
- A local SD card slot is used for local recording in case of network loss.
- Alarm sensor input and door lock output for access control integration.
- A web server is built-in for easy camera management from any browser.
- PoE and DC12V for single cable simplified installation.
- NDAA-compliant for federal and government projects.

DW[®] Press Release

- IP65-rated door station housing built to last.
- 5 year warranty.
